

AES ANNUAL EXHIBITION 2018

Dear Member,

We would like to invite you to exhibit or trade at the 2018 Annual Exhibition at Kempton Park Racecourse on Saturday 6th October 2018.

Member exhibits

An integral part of the exhibition is the members' exhibits area and we have seen a small increase in the numbers of exhibits being put together by our members over the past few years. We would like to remind members that there are prizes available to the exhibits that are judged to be best in each class. Prizes are announced at around 2pm, but exhibitors are asked to keep their exhibit in place until the end of the exhibition.

We welcome all exhibits, no matter how large or small and remind members that insects that are common in some areas are rare in others. All members that put forward an exhibit are automatically entered for one of a number of cash prizes, with £100 available to the best exhibit in each category. The Bradford Award is presented to the best adult exhibit and the Anson Bequest allows us to give cash prizes to Bug Club and other young members in various age categories.

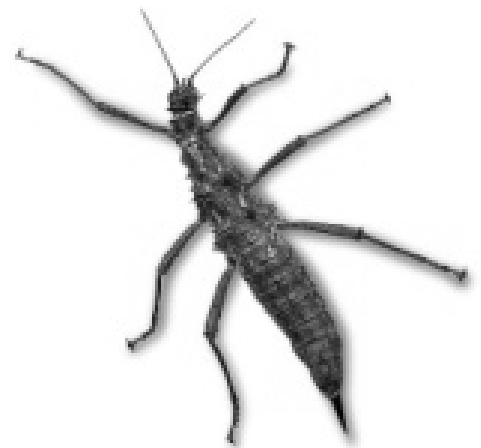

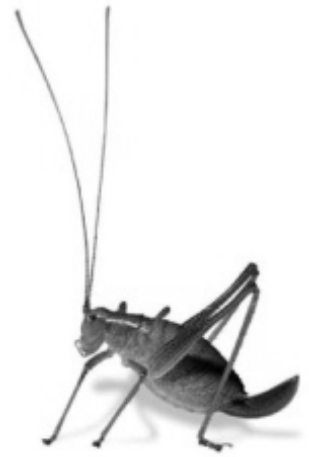

It is helpful to ensure that we have adequate space and to ensure that you gain entry on the day to book all exhibits using the form on the reverse. One pass is allocated per exhibit to allow entry into the exhibition halls from 10.30am to set up your exhibit. For junior members an additional pass is allocated for an adult to accompany the exhibitor. Due to health and safety, we are not able to allocate any further passes or to allow entry before 10.30am. The exhibition opens at 11am to the public.

We would also appreciate a short note and photographs to accompany your exhibit which will then be published in the *Bulletin*.

Please take the time to consider submitting an entry to the exhibition this year. We are keen to promote this aspect of the exhibition and all entries, large or small will be very welcome.

Trade stand applications are available at:
